Rev. Sergio Tristan, Pastor

Pardeeville United Methodist

June

Welcome back to church!

That statement might seem a little unusual because, as you know, we have had church every week in person with many limitations and online. Yet, there is just something powerful and amazing about meeting together as the church!

Especially when it has been many weeks since we met without limitations in our Sanctuary!

These past few months have been quite trying, to say the least for all of us. For Pastors and Staff here at Pardeeville UMC, this building has felt quite empty every time we walk through it. We have missed the sounds of praise reverberate in the Sanctuary. We have also missed the voices of our children, youth, and adults as we fellowship and worship together.

When something is taken away that we have enjoyed for years like church, we begin to realize what a tremendous blessing it is in our lives! The Bible is quite clear of the value of meeting together: Hebrews 10:25 Let us not give up meeting together, as some are in the habit of doing, but let us encourage one another—and more as you see the Day approaching.

As we all know the Lord is coming back, so we must keep our focus of seeing souls won into the Kingdom of Christ. I believe it is also important that we, as believers meet for worship and fellowship as we learn more about walking in the love of God.

Our world needs the message the church has to offer. Remember “Jesus is the Answer for the world today.” We need to share this wonderful news.

I encourage you to be a person full of grace as we gather again. There are many different beliefs (and perhaps convictions) about the “way things should be.” And to be filled with grace in this context would mean that we refrain from being critical of others because their thought process is different than ours. Some are not ready to return to in-person worship, and that's just fine! Others are ready to start hugging and shaking hands immediately, yet we ask that you refrain from that for just a while. That is especially difficult for the “huggers” in our midst! We will do our absolute best to make sure we are in a safe, yet welcoming environment both for people and the presence of God!

Thank you for giving your leadership an extra dose of grace during this time as well. We are excited to have you back! So again... Welcome back to church!

Blessings in Christ,
Pastor Sergio

PICTURES

From the sinful soul of Ken Taylor, by the Grace of God, forgiven.

We are all sinners against God the Father, God the Son, and God the Holy Spirit.

Grace, Grace, God's Grace. Grace that is greater than all our sin! I am so glad that I am a child of the one true King. Adopted into the Family of God with true heirship to the Kingdom of God. If I were to count the blessings that God has bestowed on me, it would take longer than time eternal.

The first and greatest blessing The Lord Gave to me was the chance to love Him with all my being. The second and almost as important was the chance to love **everyone else** as I love myself. I say a chance because He also gave me free will, I can choose what ever I like, even if it is wrong for me and all others.

God's Grace is working in your life even when you do not know it. His love and attention were with you and I long before we were a twinkle in our parents' eyes. He is the one who knitted us together. He had and still has a plan for us here on earth as well as in His Heavenly Kingdom. God knew our names long before our parents did. He made each one of us individually unique so that we could fulfill the plan he made just for each one of us. No other person on earth can complete your plan, only you.

All throughout history, God has been leading His people to Him, through leaders, prophets, and just plain earthly people. They would listen for a while and then the enemy would slide in and turn them away from God. To teach them a lesson, He would let them go their own way. The enemy would let them feel OK for awhile and then begin to turn on them. The people would feel oppressed and remember how good it was when God was their focus. They would cry out to the Lord for forgiveness, and He would hear their cry. The more they focused on the Lord and returned to His ways, the better they were to hear and heed to the leadership of The Lord. Times became good again.

Let us fast forward to recent history. Our country's history started with Freedom of Religion. Every one's freedom to worship God the way we wanted to. Not the way we were dictated to by that times Pharisees and Sanhedrin. The United States of America slowly prospered with most of our ancestors being Christians. As we prospered the enemy was doing his thing, sliding in unnoticed and drawing us slowly away from our Lord. Small things a first, so we did not notice or care. We got use to more and more instant gratification as turned more and more away from God.

Now let us come to the present. We have finally woken up to what is happening. We are starting to cry to the Lord about our unhappy blight. We want Him to do something about it. But we have not been focusing on Him and His leadership. We want both worlds. Crying and saying poor "little oh'me" does not get the job done. You and I need to turn ourselves to focus only on The Lord and His leadership. We must join together and change the course of this ship towards Him and only Him. I cannot do it alone and you cannot do it without me. Can we join together and keep each other accountable for our actions? We start by focusing on God's greatest commandment, Love God with all our being, and Love each other as we Love our selves! As we follow God's leadership, we will come closer and closer to good times with The Lord. It will be a journey well worth doing. To God be all glory forever and ever, Amen.
